SECTION 1 **ASSESSMENT**

Body/Bodies which will carry out assessment:-

The assessment bodies affiliated to the handicrafts & carpet sector skill council will carry out the assessment.

How will RPL assessment be managed and who will carry it out?-

RPL will be based on the same approved Qualification Pack and Assessment Criteria mentioned in the Qualification Pack. The process of RPL assessment is going to be managed by the Assessment agency affiliated by the HCSSC.

Describe the overall assessment strategy and specific arrangements which have been put in place to ensure that assessment is always valid, reliable and fair and show that these are in line with the requirements of the NSQF.

The assessment is managed by the assessment agency using the question bank approved by the sector skill council which has both the theory and practical questions ,the questions are then divided into many different sets so that all students don't get the same questions once the assessment is done the result is compiled and sent to the sector skill council .The NSQF level 2 and 3 qualifications has a passing marks of 50% and NSQF level 4 and above has 70% as passing marks.

SECTION 3

EVIDENCE OF NEED

What evidence is there that the qualification is needed?

Please refer to the attached list of job roles and occupations as per the attachment and their career paths as per Annexure 2, which have been derived through extensive industry interactions facilitated from various workshops, and site visits conducted and interaction with representatives from different organizations all over the country. Research was conducted in the Carpet sector to capture revenue and manpower requirement estimates till 2022. The research provides the data that the discussed qualification is one of the critical roles in the sector. While collecting data from the companies for the occupational map, we also took feedback from industry, which was collected with respect to roles for which qualification packs development, was to be prioritized. This was largely based on volume of people required, quantitative and qualitative shortfall which the Industry feels they face. Governing council of HCSSC gave final approval and endorsement for the same

What is the estimated uptake of this qualification and what is the basis of this estimate?

The increase in manpower requirements (as per projections) from 2013 to 2022, especially for roles Covered under Level 3 as per NSQF classification are expected to witness a high demand and are to be provided in research analysis study.

What steps were taken to ensure that the qualification(s) does (do) not duplicate already existing or planned qualifications in the NSQF?

NSDC list of Approved and Under-Development QPs was checked prior to commissioning the work

What arrangements are in place to monitor and review the qualification(s)? What data will be used and at what point will the qualification(s) be revised or updated?

Agencies have been appointed by the SSC to interact with training providers to gather feedback in implementation.

Monitoring of results of assessments

Employer feedback will be sought post-placement

A formal review is scheduled in two year time i.e. 2017

SECTION 4
EVIDENCE OF PROGRESSION

What steps have been taken in the design of this or other qualifications to ensure that there is a clear path to other qualifications in this sector?

Horizontal and vertical mobility options have been articulated in occupational map & Career Progression matrix.
